SUMMARY

Computer Science senior (B.S. Software Engineering) at University of Washington, Bothell, graduating December 2027, seeking Software Engineering and AI/ML internship and New Grad roles. Full-stack builder across Python, Java, React, and TypeScript with hackathon experience shipping LLM-integrated products end-to-end — RAG chatbots, LLM classification, and multi-agent workflow automation with Claude and MCP tool integrations — plus SQL-driven data analysis, a self-founded AI web services venture, and a live Go microservice simulating fleet-health telemetry on Vercel.

EDUCATION

B.S. Computer Science, Software Engineering — GPA 3.60 *Expected December 2027*

University of Washington, Bothell

Relevant coursework: Data Structures & Algorithms I/II, Algorithm Analysis & Design, Software Engineering, Database Systems, Computer Networks, Computer Programming I/II.

SKILLS

AI/LLM: Large Language Models (LLMs), Retrieval-Augmented Generation (RAG), OpenAI API, Gemini API, Claude, MCP tool integrations, Text-to-Speech API

Languages: Python, Java, TypeScript, JavaScript, SQL, Go, C++, HTML/CSS

Frameworks & Libraries: React, Next.js, Flask, Tailwind CSS, SQLAlchemy, Chart.js, Pygame

Tools & Platforms: Git, PostgreSQL, Supabase (Auth, Storage, Realtime), Docker, Vercel, REST APIs, OAuth/SSO, Figma, Azure

PROJECTS

Qmail — AI Scam-Detection Email Client (PWA), 5th Place, WSU Hackathon (Team Project) *2025*

Tech: React, TypeScript, Tailwind CSS, OpenAI API, OAuth | github.com/kumailrizvi890/qmail

- Co-built a responsive, Apple-inspired PWA email client (React/TypeScript/Tailwind) with OpenAI-based scam classification (JSON response parsing), OAuth sign-in, and encrypted message storage; led the branding and UX design.

PawPass — Shelter & Foster Coordination Platform (PWA) *2025*

Tech: Gemini API, Retrieval-Augmented Generation (RAG), offline-first PWA architecture | github.com/kumailrizvi890/PawPass

- Built an offline-capable PWA (pet profiles, care logs, shift checklists, emergency alerts) for shelters and fosters, with a retrieval-augmented (RAG) chatbot grounding Gemini responses in the pet-records database and live web data.

AI Workflow Automation — Personal Operations Platform, Claude (Anthropic) *2025–present*

Tech: Claude, MCP tool integrations, Python, JSON, scheduled workflow automation | github.com/kumailrizvi890/Auto-Intern

- Built a multi-agent automation system on Claude, integrating 10+ MCP tools (Notion, Gmail, job-search/CRM APIs) into scheduled workflows that research leads, draft outreach, audit business websites, and power a live-data dashboard (JSON pipelines, Chart.js) replacing manual tracking.

Founder — AI Web Services Venture (Self-Employed) *Aug 2026–present*

Tech: Claude, MCP tool integrations, Supabase (PostgreSQL), Python

- Founded an AI-assisted web services venture: built an AI-driven sales automation pipeline (lead research, website audits, personalized demo generation) backed by a self-built multi-agent platform with 10+ MCP integrations, a live Supabase-backed operations dashboard, and live demo products for prospects (barbershop booking, restaurant ordering).

Data Wrangling with SQL — Global Career Accelerator Program *2026*

Tech: SQL (JOINs, subqueries, aggregations, date functions), PostgreSQL

- Completed a 7-milestone SQL data analysis program, segmenting 22,576 game users by monetization behavior.
- Identified 210 high-value users generating $40,255.35 in revenue vs. $7,334.20 from 701 low spenders, with median engagement of 8 sessions against a 32.1-session mean; graded with no corrections needed.
- Joined order, customer, and menu data across 4,020 FastKitchen orders to calculate a $22.22 average order value and identify the highest-spending customer segment.

EXPERIENCE

Brand Ambassador — Instacart, Caper Carts *Jul 2024 – Oct 2024*

- Supported the launch of Instacart's AI-powered Caper Carts, driving a 25% increase in customer engagement through hands-on guidance across 500+ product implementations.

Service Crew — Hot Iron Mongolian Grill *Jul 2023 – Jul 2024*

- Managed restocking, cashiering, and customer service, contributing to $5,000+ in daily sales.

LEADERSHIP & ACTIVITIES

Vice President — Pakistan Student Association, UW Bothell *Jul 2023 – Jul 2026*

- Organized and led 5+ events per academic year, including Iftar gatherings and cricket matches.

Vice President — International Student Society, UW Bothell *Jul 2023 – Jul 2026*

- Partnered with student groups on career/academic programming (Global Careers CPT/OPT); founding member, Cricket Club.

AWARDS

Dean's List (5 terms, 2024–25) · Valedictorian, Top 5%, Henry M. Jackson HS · WA State Honors Award (Top 10%) · Cambridge CAIE: 7 A*s, 1 A
