SUMMARY

Computer Science senior (B.S. Software Engineering) at University of Washington, Bothell, graduating December 2027, seeking full-time Software / AI Engineering (New Grad) and internship roles. Full-stack builder across Python, Java, Go, React, and TypeScript with hackathon experience shipping LLM-integrated products end to end, including a RAG-based chatbot, a rule-based scam classifier, and a Go microservice for fleet observability, from design through deployment.

EDUCATION

B.S. Computer Science, Software Engineering | GPA 3.60

University of Washington, Bothell · Expected December 2027

Relevant coursework: Data Structures & Algorithms I/II, Algorithm Analysis & Design, Software Engineering, Database Systems, Computer Programming I/II.

TECHNICAL SKILLS

Languages: Python, Java, Go, C++, TypeScript, JavaScript, HTML, CSS

Frameworks: React, Next.js, Tailwind CSS, Pygame

Infra & Platforms: Git, REST APIs, OAuth/SSO, distributed systems, Azure, Vercel, Supabase, Docker

AI/ML: LLM integration, OpenAI & Gemini APIs, Retrieval-Augmented Generation, Text-to-Speech APIs, MCP tool orchestration

PROJECTS

Cluster Pulse | Personal project

2026

Go microservice simulating fleet health, latency, and rollout risk scoring for a set of production-style clusters, deployed as a Vercel serverless function with a live TypeScript dashboard on top.

Qmail, AI Scam-Detection Email Client (PWA) | 5th Place, WSU Hackathon 2025

2025

Led branding, UX, and build of an Apple-inspired, responsive PWA in React/TypeScript/Tailwind. Shipped AI-powered scam detection (LLM-based content classification with JSON response parsing), SSO login (Replit OAuth), and encrypted message storage seeded by Azure Quantum RNG.

UP2DATE, AI Internship Application Optimization Platform | DubHacks Hackathon

2025

Originated the idea and led a 4-person team; built the front end for a platform predicting internship posting windows from historical data, plus AI-driven resume and cover-letter keyword optimization.

PawPass, Shelter & Foster Coordination Platform (PWA) | Personal project

2025

Built an offline-capable PWA with pet profiles, care logs, shift checklists, and emergency alerts. Built a retrieval-augmented (RAG) chatbot grounding Gemini responses in an internal pet-records database.

AI Workflow Automation, Personal Operations Platform | Claude (Anthropic)

2025 to present

Built a multi-agent automation system on Claude, integrating 10+ MCP tools (Notion, Gmail, job-search/CRM APIs) into scheduled workflows, with live dashboards replacing manual tracking across job search and business operations.

WORK EXPERIENCE

Brand Ambassador | Instacart, Caper Carts

Jul 2024 to Oct 2024

Supported the launch of Instacart's AI-powered Caper Carts, driving a 25% increase in customer engagement through hands-on guidance across 500+ product implementations.

Service Crew | Hot Iron Mongolian Grill

Jul 2023 to Jul 2024

Managed restocking, cashiering, and customer service, contributing to \$5,000+ in daily sales.

LEADERSHIP & ACTIVITIES

Vice President | Pakistan Student Association, UW Bothell

Jul 2023 to Jul 2026

Organized and led 5+ events per academic year, including Iftar gatherings and cricket matches.

Vice President | International Student Society, UW Bothell

Jul 2023 to Jul 2026

Partnered with student groups on career and academic programming, including Global Careers CPT/OPT sessions. Founding member, Cricket Club.

AWARDS

Dean's List (5 terms, 2024-25) · Valedictorian, Top 5%, Henry M. Jackson HS (4.0 GPA) · WA State Honors Award (Top 10%) · Cambridge CAIE O-Levels: 7 A*s, 1 A
